

Great Plains Nature Photographers

Our Twentieth YEAR!

Saturday, November 11, 2017

McPHERSON OPERA HOUSE
219 South Main Street
McPherson, KS 67460

Canon

PHOTO & VIDEO
Hunt's

NOTE THE EARLIER DATE FROM PREVIOUS MEETINGS

Tyler Stableford
Canon Explorers of Light

There is a parking lot in
back of the Opera House.
Should be plenty of parking.

Tyler Stableford, a part of the Canon Explorer's of Light group is not only a superb image makers but a well respected film maker and producer. His client list reads like a who's who of the outdoor world and includes Wrangler Outdoor Wear and Cabella's, to mention only a couple. I think you will find his presentation both inspirational but extremely interesting. I urge you to visit his website at www.tylerstableford.com to see what makes him such a compelling program presenter.

Jim Richardson
National Geographic

Back by popular demand, we are glad to welcome Jim Richardson of National Geographic to the podium for our afternoon program. Jim has been a friend of the GPNP since its inception, having been one of the presenters at our very first meeting back in 1997. Jim will be talking about some of his recent assignments for National Geographic in Scotland. If you ever wondered what went into one of these assignments, you will find Jim's program of extreme interest. www.jimrichardsonphotography.com
