

Tanzania 2018 with Jim & Cindy Griggs

Accommodations

African Tulip Hotel, Arusha

Located in the heart of Arusha, the African Tulip will be utilized on our first night in Tanzania and as day rooms prior to departing for our flights home in the evening.

Maramboi Tented Camp

Located on the shore of Lake Manyara, Maramboi Tented Camp will be our home for two nights as we visit and photograph in Tarangire National Park. Located on the wildlife corridor between Lake Manyara NP and Tarangire NP, there should be opportunities to see wildbeest, giraffe, wart hogs and zebra right from your own deck.

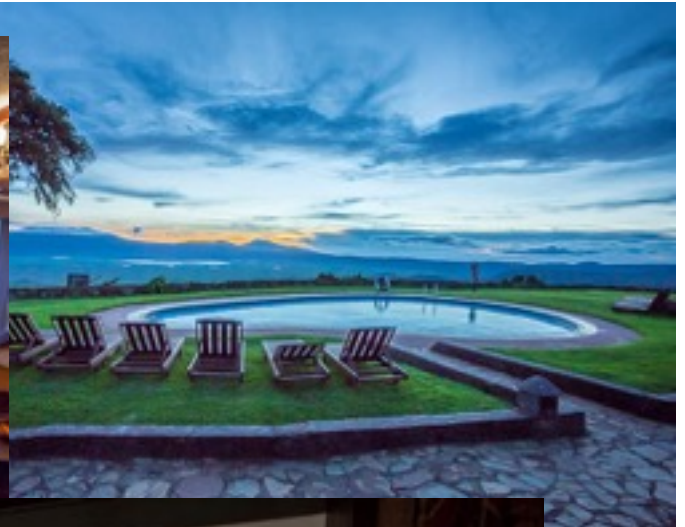

Don't let the word "Tent" scare you! These are not your basic roughing it tents! Each room is on an elevated platform with a wood floor, flush toilets, showers with loads of hot water and comfortable beds with a work desk, sink and lockable door. They are canvas sided but that is their only throwback to your experience with tents.

Sopa Lodge

The Sopa Lodge, located on the rim of the incomparable Ngorongoro Crater will be our home for two nights. At an altitude of 7,000 feet, nights are cool. The rooms are very comfortable with a sitting area in each room overlooking the crater. There is also a nice pool, great dining room and well stocked gift shop.

Sametu Tented Camp

Selected as most popular by our guests, every year we are in Tanzania, Sametu Camp is remotely located in Central Serengeti National Park and our home for five nights. Each tent has a flush toilet and a camp shower inside as well as electricity 24 hours a day and a small work desk and chairs. Meals are served in a central dining area. The camp showers are basically bag showers that are filled with hot water every evening when we return from our game drives allowing us to wash off the days dust before cocktails and dinner. There is also a nice firepit with chairs surrounding it where we can gather in the evening for a light snack and drinks.

In the mornings it is not unusual to have beautiful sunrises and the occasional rainbow from the overnight showers.
